	GUIDELINE	Document No:	AKR-Pr01-Rh-007
	Guideline on Witness Assessment Planning for Halal Conformity Assessment Bodies	Date of Issue:	27.07.2022
		Revision Date/No:	27.07.2022/Rv00
		Page No:	1/6

1. OBJECTIVE AND SCOPE

The objective of this guideline is to define the procedures and principles for planning witness assessments, which basically is the Halal Accreditation Agency's (HAK) observation of the halal conformity assessment activity on-site, and to lay out the basis for the subsequent halal accreditation decision processes towards the Halal Conformity Assessment Bodies (HCAB).

The scope of the rules defined in this guideline has been formed according to the product and service categories outlined in the relevant OIC/SMIIC Halal Standards.

2. TERMS, DESCRIPTIONS AND DEFINITIONS

Announced Witness Assessment: Observation of conformity assessment activities carried out by HCAB within its scope of accreditation in the field of HCAB's client organization by HAK with prior notice to HCAB.

Unannounced Witness Assessment: Planning, organizing, and observing the conformity assessment activities carried out by HCAB within its scope of accreditation in the premises of third party, without prior notice to HCAB.

Surveillance: A series of assessment activities including monitoring that the accredited HCAB continues to meet the accreditation requirements.

Halal Conformity Assessment Body (HCAB): Body that performs halal conformity assessment activities according to the national and internationally accepted technical criteria.

Project Coordinator: The technical staff working in and assigned by HAK, who is responsible for all technical and administrative contact, coordination, and secretariat procedures with the HCAB, accredited or applied for halal accreditation, at every stage of the halal accreditation activities.

Witness Assessment: Observation of the halal conformity assessment activities carried out by HCAB within the scope of accreditation by HAK in the premises of the third party.

Third Party: Client firm (organization) certified by HCAB.

Other	L	Cosmetic	It is obligatory to organize at least 1 witness assessment at a cosmetics manufacturer.

Additional Notes: (1) It is fundamental that the witness assessments organized by HCAB's are Stage-2 audits. On the other hand, for the first accreditation assessment, HCAB should be able to organize at least one Stage-1 audit for witness assessment. The decision regarding the product/service group of the Stage-1 audits to be selected shall be made by the Project Coordinator and the Lead Auditor, considering the audit planning of HCAB.

(2) It may be necessary to witness more than one audit under the same sub-category. This depends on whether there are halal criteria differing both in technical and Islamic levels for the relevant sub-category.

(3) In order to give accreditation to a HCAB in the sub-category of "Processing of ambient stable products" from other product groups in the lower row of the products for which a witness assessment is organized, it is mandatory for the HCAB to have documentation/scheme preparation for the products in the lower row, and this situation shall be verified by the HAK Assessment Team in the assessment reports.

(4) Unannounced witness assessments could be carried out for the HCAB accredited by HAK. Such assessments could be a part of their surveillance, as well as a part of the assessments planned to verify the subject to the complaint based on on-site evidence, notifications (complaint etc.) or any other information/news obtained. For this purpose, the accredited HCABs are obliged to submit their planned audit lists to HAK with details at regular intervals.
